

# FuzionGrip™ TIG Torch Series

*For TIG welding on-the-move. Ditch the pedal. Keep control.*

## FuzionGrip™ Benefits

Precision TIG control – in your hands.

- 👉 Mobile TIG welders
- 👉 Mechanical contractors
- 👉 Precision fabricators

## Key Advantages

- 🔥 Integrated remote controls
- 🔥 Interchangeable switches – *snap in, and weld!*
- 🔥 Compact, ergonomic grip
- 🔥 Rugged, durable design is built to last
- 🔥 OEM compatible consumables
- 🔥 25ft. standard cable length
- 🔥 Air and water-cooled models available
- 🔥 Configured for Miller & Lincoln TIG machines
- 🔥 Weldfuzion™ Guarantee

## Built-in Precision

- 🔥 Low profile, ergonomic design
- 🔥 Remote start and current control options
- 🔥 Build muscle memory, consistency and focus.
- 🔥 Get more done, at the quality level you need.

## Convenience

- ✓ Built-in remote
- ✓ Plug and play design
- ✓ Weld in any position
- ✓ 25ft. reach

## Better Weld Quality

- ✓ Controlled starts
- ✓ Realtime adjustments
- ✓ Clean weld craters

## Less Strain & Fatigue

- ✓ Reduce setup moves
- ✓ Less cords to deal with
- ✓ No balancing act required
- ✓ No kicking or dragging

## Rugged by Design

- ✓ Made for welding environments
- ✓ Reliable day after day
- ✓ Designed for heat and vibration
- ✓ Seamless cover won't grab or snag

Stop kicking the brick ... and take control in your own hands!
